INTRODUCTION

Baldwin Directory Company, Inc., publishers of your city directory takes pleasure in presenting the 1940 edition to the general public. A large force of trained enumerators and solicitors worked diligently in the preparation of this volume and we are confident that the result is an authentic and useful city directory.

We have faith in the continued growth of your city and we believe that our directory will take its place as one of the vital instruments for the advancement of your community. Subsequent editions will be issued promptly and regularly.

This volume is an example of the ABCD type of city directory as originated and developed by the Baldwin Directory Company, Inc. In the modern business world with its greatly changed sales and credit systems, the old type of directory has become completely obsolete. In adapting the directory to modern conditions the Baldwin organization is the pioneer. The excellent city directory which your city now has is the result of the progressive spirit of this company and its accurate interpretation of modern business requirements.

SEVEN DIVISIONS OF THE BOOK

The principal parts of the Baldwin Directory are as follows:

1. **The Miscellaneous Directory** contains a great deal of useful information concerning the national, state and local governments. In it are listed the names of members of congress and the state legislature, city and county officials.

2. **The Buyers' Guide and Civic Section** is made up of the advertisements of the leading business firms of the city, announcements of churches, clubs, lodges, associations and schools, and professional cards of public-spirited lawyers, physicians and dentists. The display spaces have been carefully grouped and indexed under headings which are descriptive of the business engaged in by each firm. The Buyer's Guide, when properly arranged and distributed, is of tremendous value in the building of business in the community.

INTRODUCTION

3. **The Resident Directory** contains most of the data concerning the individual. The wife's name is given in parenthesis, and the number of dependents under 16 is shown as well as the ownership of homes. This is followed by position, place of employment and home address.

4. **The Householders' Directory** contains a complete directory of streets and avenues, properly located, gives the names of all householders arranged as they come upon the streets and avenues, indicates ownership of property.

5. **The Business Directory and List of Nationally Advertised Brands** contains the names of all business firms, professional people and non-profit organizations, properly classified. In this division are also listed the names of nationally advertised brands of merchandise, with the name of the local agents or distributors.

6. **The Numerical Telephone Directory** contains telephone numbers arranged in numerical sequence.

SPECIAL ABCD FEATURES

The following valuable information which appears in the ABCD type of directory is not to be found in the old-style city directory:

Number of dependents under sixteen;

Designation of home ownership;

Telephone Numbers on Street Guide;

Numerical Telephone Directory;

Nationally Advertised Brands.

In addition to these valuable features, the ABCD type of directory is more conservatively styled, printed on better paper and more beautifully bound, arranged for more convenient use and contains a much more complete civic section. Directory stands are maintained in the business district for the use of the general public.

THE HOUSEHOLDERS' SUPPLEMENT

After including every conceivable feature which would tend to make the directory as useful and attractive as possible, the originators of the ABCD type of directory made one more bold stroke—they established a guaranteed home circulation for advertising matter by issuing the Householders' Supplement and delivering it to the homes of the community. Every advertisement which appears in a Baldwin directory also appears in the Householders' Supplement, making the Baldwin Directory "America's greatest dollar-for-dollar advertising medium" today.

Kannapolis

NORTH CAROLINA

BY T. H. WINGATE

Editor the Daily Independent, Kannapolis, N. C.

Still in its infancy, as cities go, Kannapolis is right now undergoing far-reaching changes designed to make it a model industrial town—a model in city planning, in housing and in civic beauty, as well as in textile manufacturing excellence.

Home of the great Cannon Mills company, the world's largest manufacturer of household textiles, Kannapolis already holds many unique distinctions but the program of progress already in full swing here is expected to make it more outstanding than ever among the nation's industrial towns—especially textile centers.

TRADING AREA

To begin with, Kannapolis is the world's largest unincorporated town. That was established in the 1930 census and was reaffirmed in the 1940 count, which placed the population of "Kannapolis delimited unincorporated area" in excess of 20,000. (The official preliminary count had not been released by census authorities when this was written).

This was a gain of 8,000 or more in that area alone and it does not tell half the story, since a great portion of the Towel City's actual population is in a "Greater Kannapolis" area.

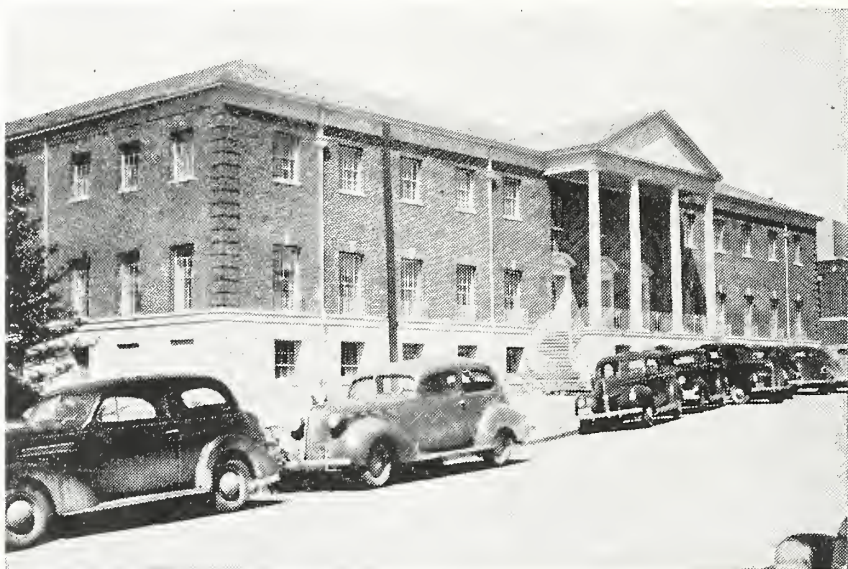

The "delimited unincorporated" area includes a section approximately ten square miles in size set up arbitrarily by the Federal census authorities to guide the local enumerators. That section of "Kannapolis proper," as outlined by the census bureau is roughly five miles long and varies from three miles to a half mile in width. "Greater Kannapolis," which includes thickly populated areas located within an approximate five-mile radius of the downtown business section, has a population of 26,492. This "Greater Kannapolis" area was included in the survey made for this directory. From that thickly populated area, plus some other sections of Rowan and Cabarrus counties, comes Kannapolis' trade.

Y. M. C. A.

Kannapolis is the home of the world's largest Young Men's Christian Association under one roof. Cannon Memorial Y.M.C.A. has a total of a

few more than 12,850 members now. Of this number 3,630 are members of the women's and girls' department and 9,220 are members of the men's and boys' departments.

In addition to this huge membership, the Y.M.C.A. is the center of most of the Towel City's community activities. Various independent organizations, including church groups, merchants association, fraternal bodies, P.-T.A.'s, American Legion and others, meet there regularly. The YMCA has for the past several years sponsored a textile school that has enjoyed ever-increasing popularity and has furnished valuable instruction to hundreds of workers in Cannon Mills plants. It sponsors Hi-Y and Gray-Y clubs throughout the Kannapolis public school system that enroll

Cannon Memorial Y. M. C. A. Building

hundreds of boys and girls who are not included on the association's regular membership rolls.

The activities mentioned above were sponsored for both men and women even before the addition of a regular women's department with the construction of a new \$500,000 building last year. This department is handled by a full-time director, who has recently been given the assistance of a full-time women's physical education director. Although in operation now for less than a year, the women's department has already outgrown itself. Designed to handle a smaller membership, it now includes over 3,600 members and is still growing. Women have assembly rooms, lobby, locker rooms, showers and kitchen of their own and the women's department has a separate entrance. In addition, the women have access to all facilities of the Y.M.C.A., including swimming pool and gymnasiums. Regular swimming and gymnasium classes are maintained, as well as bowling during part of the year.

The athletic department, always a big feature of Y. activities, was expanded greatly with the completion of the new building. It now has two complete gymnasiums. Handball courts have been added, along with a complete health department, and the swimming pool has been enlarged. The department also sponsors widespread outside activities, including softball.

The recreation room in the basement includes six bowling alleys of the best construction and twelve billiard tables. The building also houses a barber shop, which is operated through the YMCA.

Another big activity carried on by Cannon Memorial Y.M.C.A. is among boys and the new building houses a complete boys department. This includes a large lobby, plus a play room and a number of assembly rooms, each of which are adjacent to a master kitchen from which meals are served for some meetings. The department is under the direction of a full time director, with several assistants. In addition to their own department, the boys have access to the swimming pool, the gymnasiums and the handball courts. They have locker rooms and shower rooms of their own.

Three kitchens—one "master" kitchen and two smaller ones—furnish facilities for serving 1,500 persons simultaneously, officials estimate. The need for serving that large a crowd has not yet arisen but one of the early events held in the new building was a banquet for more than 800 veteran Cannon Mills employes. Banquets there at which 200 or more are served are not uncommon and more often than not the kitchen force is called on to serve meals for two or more groups meeting simultaneously.

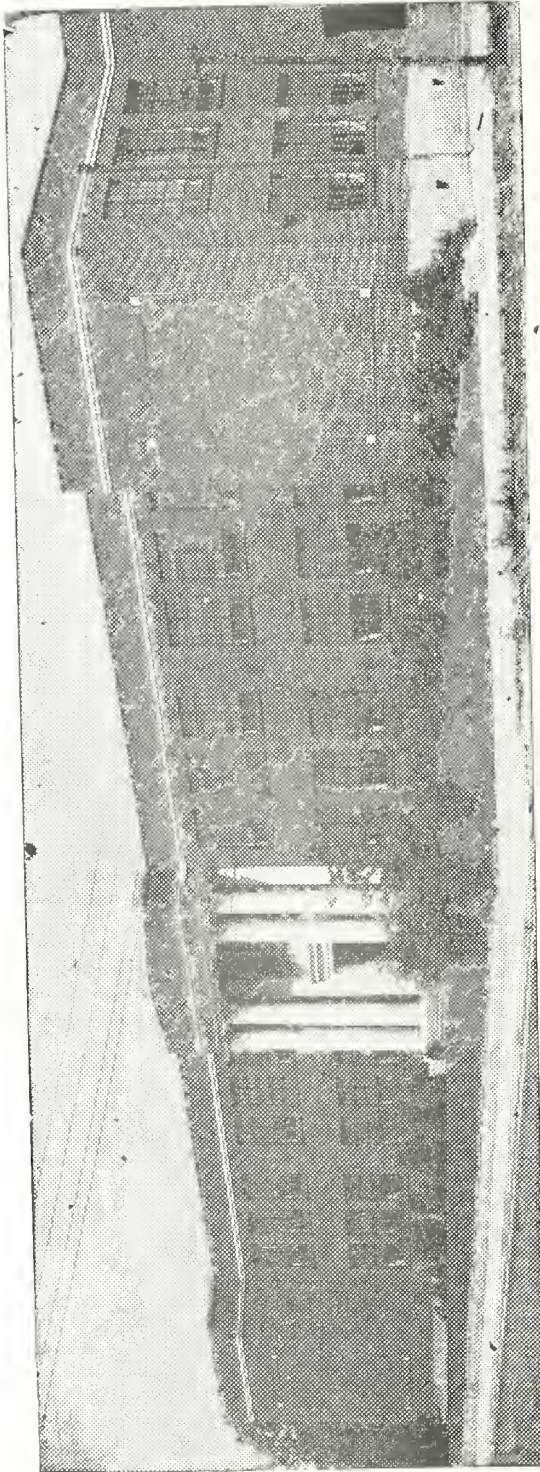

Outstanding in Carolinas and Southern Y. circles as well as in its local sphere, Cannon Memorial Y. M. C. A. is each year host to one of the semi-annual meetings of the Carolinas Y.M.C.A. council and is looked upon as a leader by other associations in this area.

The Carolinas older boys conference was held here recently. T. C. McKnight, head of the local boys department, is also head of the Southern boys work secretaries' association and some of the activities carried on by the local association, especially in the boys department, has come in for nation-wide attention. Kannapolis Y volleyball teams are consistent Southern championship winners and Kannapolis Y-sponsored softball teams have won state championships.

SCHOOLS

Kannapolis has a separate school administrative unit and a nine-months school term. The state provides for an eight-months term and Cannon Mills company provides funds for the additional month each session.

Cannon Mills also helped in the addition of a business course in the high school and is otherwise co-operative with the schools. A new department being added for the 1940-41 term is instruction in diversified occupations. This is for the especial benefit of youngsters who will not attend college after they complete their high school work and is in line

J. W. Cannon High School

with the school administration's announced policy of fitting the course of study to the particular needs of this community.

There are six white schools and one colored school in the Kannapolis system. These had a combined enrollment of 4,802 for the 1939-40 term and a staff of 128 teachers, exclusive of the superintendent. Of these students, 4,227 were white and 575 were colored. The teaching staff includes 111 white teachers and 17 colored teachers.

By schools, the enrollment and number of teachers follows: (The number of teachers in each case includes the principal.)

J. W. Cannon high—1,098 pupils, 32 teachers. (This figure includes 88 elementary grade students moved to the high school building because of crowded conditions in other schools.) The high school grades are from eight through 11.

Aycock—817 pupils, 20 teachers.

Centerview—136 pupils, four teachers.

Jackson Park—520 pupils, 14 teachers.

McIver—820 Pupils, 20 teachers.

Woodrow Wilson—836 pupils, 21 teachers.

Colored high school—125 pupils, 5 teachers.

Colored elementary—450 pupils, 12 teachers.

Office of the city school superintendent is in the McIver school building.

CHURCHES

Twenty-five churches of ten denominations are located within the Greater Kannapolis area. Churches here have sped expansion within the past five years. Many of them have made additions to present structures or have constructed entirely new buildings in new locations. Some of this construction is still underway. Church membership now is thought to be more than one-third of the total population. Methodists and Baptists are strongest here numerically, with Lutherans and Presbyterians next.

Activities of most of the churches are co-ordinated through the Kannapolis Ministerial association, which meets monthly.

ORAGANIZATIONS

Main civic organizations in Kannapolis are the Lions and the Young Business Men's club. The Lions have a clubhouse on the edge of the city and they meet there at least once a month. Meetings are held on Wednesdays.

With possibly a larger membership than the Lions, the Young Business Men meet twice a month, on Tuesdays.

Five fraternal organizations are active here and at least one other fraternal group is in process of organization. The active lodges are:

Masons, who have just celebrated their 25th anniversary here.

Patriotic Order Sons of America, a growing camp and a leader in county P.O.S. of A. matters.

Improved Order of Red Men, growing rapidly and including many of the city's leaders in its membership.

Woodmen of the World, the largest single Woodmen camp in the state and the largest lodge in Kannapolis.

Odd Fellows, recently reorganized and now more active than ever.

Each of the above orders have sister organizations to which wives and daughters of members belong.

General Offices Cannon Mills Co.

The Knights of Pythias have just started organizing here.

The largest and most powerful woman's organization in Kannapolis is the Parent-Teacher Association, which claims more than 2,000 members in the city's six schools. Matching the P.-T.A. in energy if not in size is the Kannapolis Junior Woman's club.

The Little Theatre group in Kannapolis produces several plays each season and is gaining rapidly in popularity.

MERCHANTS ASSOCIATION

The Kannapolis Merchants Association now has a majority of Kannapolis' 372 business houses in its membership. The office is affiliated with a national credit organization and is equipped to handle credit reports for local firms from all over the country, as well as local. A complete local report file is maintained. The office is staffed by the secretary, H. W. Owens, and two assistants.

BUSINESS AND INDUSTRY

Kannapolis has 372 large and small business places, wholesale and retail, including service establishments. These are located in various parts of the Greater Kannapolis area, but are concentrated mostly in four more or less distinct business areas—the downtown section, Midway, North Kannapolis and Centerview. Annual retail sales are estimated at more than \$4,500,000.

The town's main basic payroll is furnished by Cannon Mills company, which normally employs 15,000 persons in its two Kannapolis plants (about 12,000 in Plant One and 3,000 in Plant Four).

Situated on the Rowan-Cabarrus county line, with its population about evenly divided between the two counties, civic operations in Kannapolis are nevertheless handled quite satisfactorily.

Cabarrus and Rowan counties each have full-time deputies stationed in Kannapolis—Rowan 3, Cabarrus 10. These deputies are under the direction of their respective sheriffs, although the Cabarrus county contingent is under the direct supervision of the Kannapolis chief of police.

The Rowan county group, which is under the direction of the Rowan sheriff, co-operates with the Kannapolis chief in most matters of city-wide concern.

The downtown police station building contains a court room, where regular sessions of Cabarrus county recorder's court are held under a special legislative act.

Kannapolis schools (one, Rowan and six Cabarrus) are included in the Kannapolis administrative unit. Each county allocates funds for its own schools and leaves administration to the Kannapolis school board, composed of five Cabarrus county citizens and one Rowan county citizen.

Cannon Mills company maintains street cleaning service and garbage collection service. Streets, being part of the county-state road system, are maintained by the state highway commission.

PUBLIC UTILITIES

Electric power comes to Kannapolis through Duke Power company lines. Telephone service is provided by the Concord Telephone company.

Southern railway provides passenger and freight service, the Southern's main line passing through the City of Towels. Carolina Coach company provides bus service at short intervals.

The town is located on U.S. Highway 29, the through route from Washington to Miami. Alternate Highway 29—a more direct route for Salisbury-Charlotte traffic—passes a miles east of the downtown business section.

HISTORY

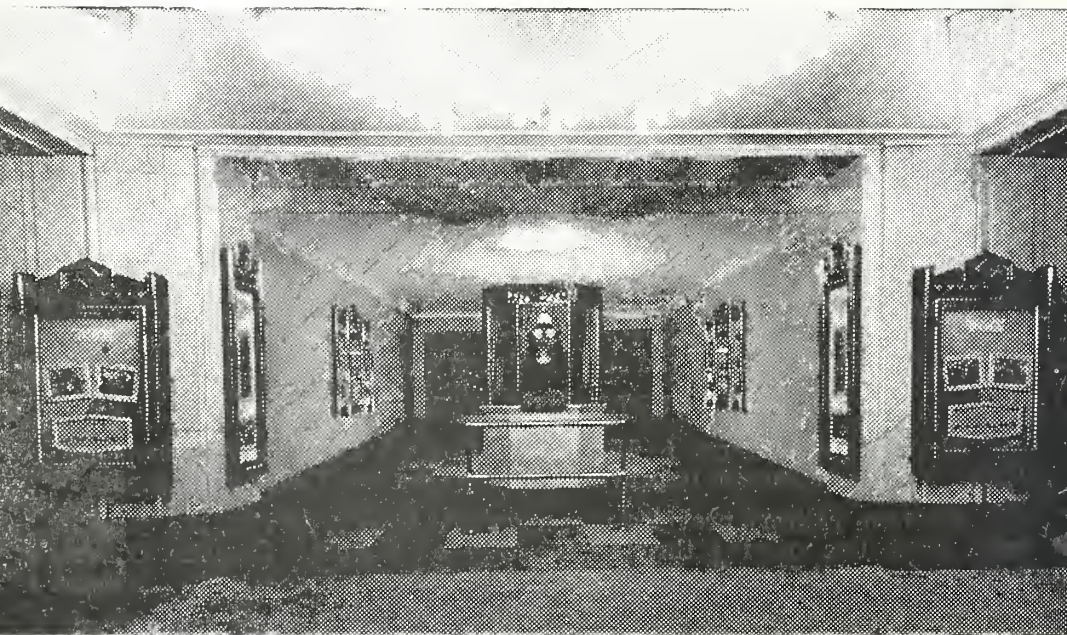

Begun in 1907 with the construction of the first mill by James W. Cannon, Kannapolis has grown with the Cannon Mills company ever since. First a few homes to house the handful of workers who operated

that first mill, then a store, Kannapolis grew as the genius of the late James W. Cannon guided the Cannon Mills company to success.

With this business growth has come an unprecedented boom in home-building with the result that the population of Greater Kannapolis has almost doubled within the past ten years.

It has continued that growth with its basic industry handled by Charles A. Cannon and now it is in the midst of its greatest expansion program of history. This expansion during the past three years has seen the downtown business section double in size, has seen the construction of several miles of new streets and the paving of several other miles.

This growing spell has yet given no sign of slowing, and, unless turbulent world conditions rule otherwise, it should continue for several more years.

The Gem Theatre, Kannapolis' largest and most popular theatre. Renowned as the Most Beautiful theatre in the State of North Carolina. Operated by Towel City Theatres, Inc., and under the personal direction of Walter W. Powell. This company also operates the Dixie and Palace Theatres and has an additional DeLuxe Theatre under construction.

 Leslie Crawford, Pikeville.
 Wilkes—David Sebastian (R), Hays.
 Wilson—Larry I. Moore, Jr., Wilson.
 Yadkin—Frank M. Woodhouse, Boonville.
 Yancey—D. M. Buck, Bald Mountain.

EXPLANATION

All people sixteen years or over are listed.

Wives are listed with their husbands, the wife being shown in parenthesis as follows: Smith Robt R (Mary L.)

The number of children under sixteen years is shown after the wife's name as follows: Smith Robt R (Mary L) 3.

The ®, both in the resident directory and the householders' directory designates ownership of the home.

In case of a natural widow this fact is shown with the name of the deceased husband in parenthesis, whenever possible, as follows: Smith Mary L (wid Robt R).

The occupation and place of employment are shown as follows: Smith Robert R (Mary L) clk Hub Clothing Co.

The residence of each person is shown, "h" denoting a householder or head of the shown with the "h". Thus, a circular mailed to each householder will reach every family, "r" denoting people in the home. Only one person at each home should be home in the city.

individually in addition to their regular listing with their husbands, as follows: Smith

Married women, engaged in some other occupation than housekeeping, are listed Mary L (Mrs Robt R) bkpr Henry Jones & Co r 210 Main.

Names in heavy type denote patrons of the directory and are usually the leading firms in each line of business.

Persons living outside the city limits and receiving mail in the country are marked RD.

The letters BD shown on some entries indicate Buyers Directory.

Colored is shown by a ©. The publishers are very careful in using this, but do not assume any responsibility in case of error.

This directory contains all the regular departments of the modern city directory and many features used by no other publisher in the United States.

A numerical telephone directory will be found in the back of the directory listing each telephone according to number.

The classified business directory lists each firm according to line of business.

The numerical street directory lists each street alphabetically and each house according to number, with the street intersections as they appear. After each householder's name will be found his telephone number. In case he has no telephone the nearest telephone may be found. The ® denotes householders who own the house in which they live.

The buyers' guide carries the printed messages of the city's leading business and professional firms arranged alphabetically according to classifications.

This directory shows the exact population of the city and environs at the present time.

The Cannon Memorial Young Men's Christian Association

Kannapolis, North Carolina

A beautiful and spacious building with excellent equipment including club rooms, gymnasiums, handball courts, library, social rooms, swimming pool, game rooms, bowling alleys, barber shop, health department, locker and shower rooms, banquet halls and a special department for women and girls.

The largest paid Y. M. C. A. membership under one roof in the world, totaling more than 1200, located in the largest unincorporated city with the largest manufacture of towels and sheets in the world.

**Service to the Men, Women, Boys and Girls of the
Entire Community in Spirit, Mind and Body**

... AND THE GREATEST OF THESE IS CHARACTER

*A message to parents and educators on the
Need of Character-Forming as a Part
Of Every Child's Training*

CHARACTER, Capacity and Capital are the three standards by which business men judge applicants for credit. And CHARACTER comes first.

For, a man may have Capital—plenty of money. He may have Capacity—the ability to earn money. But without Character; the willingness to pay promptly according to agreement—his promises are worthless. The man with character can be depended upon to keep his promises and meet his obligations. Character is a child's heritage, strengthened by the example of the parent and the precept of the teacher during early years; the formative period.

Character is honor—a high sense of personal responsibility and respect for one's obligations. And every child has the right to be trained in the tenets of honesty and fairness in meeting his obligations. Otherwise his education is incomplete; his chance for success is impaired.

Treat Your Credit as a Sacred Trust

EFIRD'S DEPARTMENT STORE

We have grown from a very small beginning to become one of the largest department stores in Kannapolis. We owe this amazing growth not alone to our own efforts but to the loyal friendships of thousands of people throughout this section of North Carolina. For these loyal friendships we are tremendously grateful and count them our most valued assets. We are HOME-MANAGED and we invite you, our HOME-PEOPLE, to use us in any capacity whenever we may be of service to you.

Whitley's Service

W. H. WHITLEY

Inspired by 27 years of service in this community every touch of refinement has been added to make our service in keeping with the requirements of a cultured clientele and not overlooking the least in simplicity and reverence befitting those of modern means.

It is truly a place where everyone in all stations of life can find a service suited to their needs.

Resident Directory
1940

Containing the full name, husband or wife's name, number of children under 16, designation of home ownership, position and employer and home address of all persons over 16 years of age residing in this city and environs.

The publishers wish to express their appreciation to the business and professional establishments for the splendid cooperation and valuable assistance given them in preparation of this volume.

A list of abbreviations in this directory will be found on the following page and a general index on page 3. The information herein contained was taken by trained enumerators in a house-to-house canvass of the city and adjacent territory, and checked with data supplied by employers. The publishers offer it as the most reliable information available but do not assume any responsibility for errors.

Number of dependents under 16 is indicated after name

NUMERICAL TELEPHONE DIRECTORY 1940

Containing a list of telephone subscribers arranged in numerical sequence. The information listed was obtained by a house-to-house canvass and is offered for the convenience of subscribers to the City Directory. Since telephone numbers change rapidly, it is suggested that persons using this list refer to the latest edition of the regular telephone directory issued by the local telephone company in order to verify the information contained herein.
